Vendetta Obtains Due Diligence Clearance for A\$3.0M Funding Package to Complete Pegmont Acquisition

Vancouver, BC – April 25th, 2019 – Vendetta Mining Corp. (the “Company” or “Vendetta”) (VTT-TSX:V) is pleased to announce that it has been advised by Nebari that technical due diligence has been completed to their satisfaction. The material terms for the funding package described by the Company on April 12th, are now being finalised in a definitive agreement. The funding facility remains on track to Close and provide funds by May 6th.

The proceeds of the proposed financing will be used to pay the final Pegmont Lead-Zinc property payment of A\$3,000,000 and in doing so complete the Company’s acquisition of a 100% interest in the Pegmont Lead-Zinc project.

About Nebari

Nebari Holdings, LLC is an investment firm based in New York City focused on natural resources and special situations. The organisation is headed by an experienced team of mining professionals with experience working at organizations such as Glencore/Xstrata and Rio Tinto as well as finance professionals with experience from JPMorgan, Perry Capital and McKinley Capital.

About the Pegmont Lead Zinc Project

Pegmont is situated in the Mount Isa – McArthur Mineral Province, which hosts one of the world’s richest endowments of lead-zinc-silver mineralization, including several world-class lead-zinc-silver mines.

The current Mineral Resource at Pegmont:

Indicated 5,758 Kt @ 6.5% Pb, 2.6% Zn, 11 g/t Ag

Inferred 8,277 Kt @ 5.1% Pb, 2.8% Zn, 8 g/t Ag

The results of a Preliminary Economic Assessment (“PEA”) on Pegmont were released by the Company on January 28, 2019 (see Vendetta news release dated January 28, 2019). The PEA outlined a 10-year mine plan that generates a strong economic return with a pre-tax IRR of 32% (after tax 24%) and NPV8% of \$201M (\$128M after tax) for the base case long term consensus metal prices assumed (\$0.91/lb lead, \$1.09/lb zinc and \$16.50/oz silver).

The spot price and exchange rate case demonstrates the strong sensitivity to metal prices with a pre-tax IRR of 37% (after tax 27%) and NPV8% of \$249M (\$158M after tax), using metal prices as of January 22, 2019 of \$0.94/lb lead, \$1.25/lb zinc and \$15.30/oz silver and US\$:A\$ of \$0.71.

The PEA identified further project enhancements and Vendetta has identified several high priority exploration targets.

Technical Disclosure

Peter Voulgaris, MAIG, MAusIMM, a Director of Vendetta, is a non-independent Qualified Person as defined by NI 43-101. Mr. Voulgaris has reviewed and approved the technical content of this press release, and consents to the information provided in the form and context in which it appears.

For details of the Pegmont project including the effective date of the resource estimate, quality control measures applied, key assumptions, parameters and methods used to estimate the mineral resources set forth herein and any known legal, political, environmental or other risks that could materially affect the potential development of the mineral resource estimate, please refer to the technical report entitled “*Technical Report – Pegmont Mineral Resource Update and PEA*” dated effective January 21, 2019 and available under the Company’s profile at www.sedar.com.

The preliminary economic assessment referred to herein, is preliminary in nature and includes inferred mineral resources that are considered too speculative geologically to have the economic considerations applied to them that would enable them to be categorized as mineral reserves, and there is no certainty that the preliminary economic assessment will be realized.
